

Figure 1

Graph 1: Measurement of $\tan \delta$ by DMA at 1 Hz between a copolymer
5 possessing marked phase separation (\square) and a copolymer possessing
phases which are not well separated (Δ).

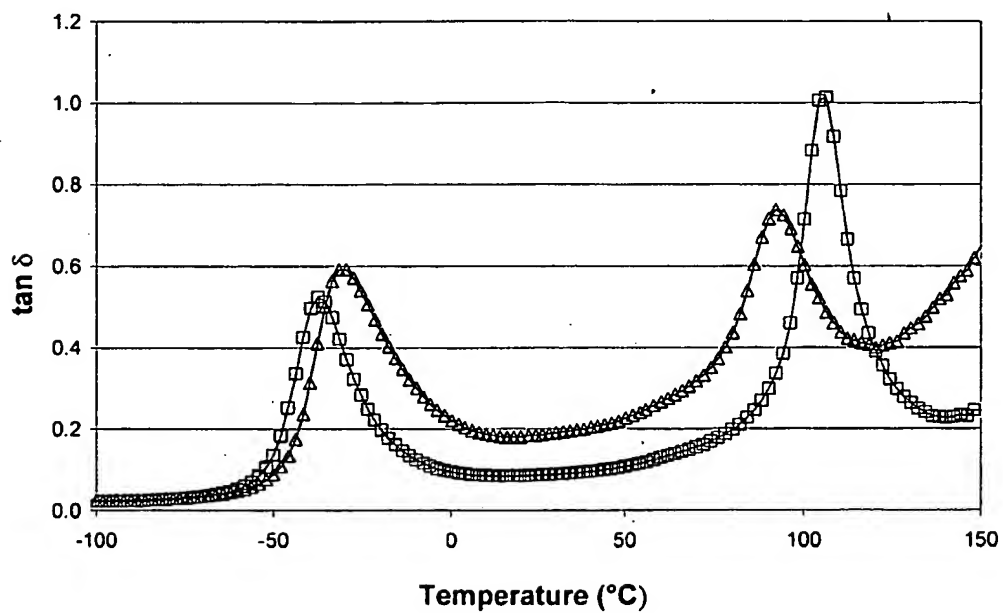

Figure 2

5

Graph 2: x blue pure model SBuAS, * black SBuAS + Reagem 5110, o red Adtac LV.

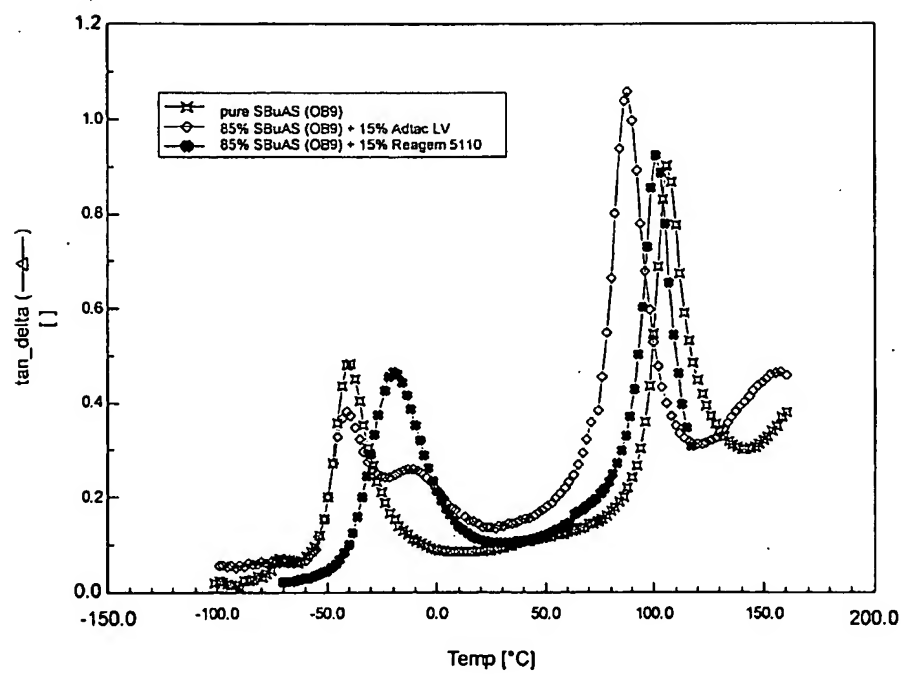

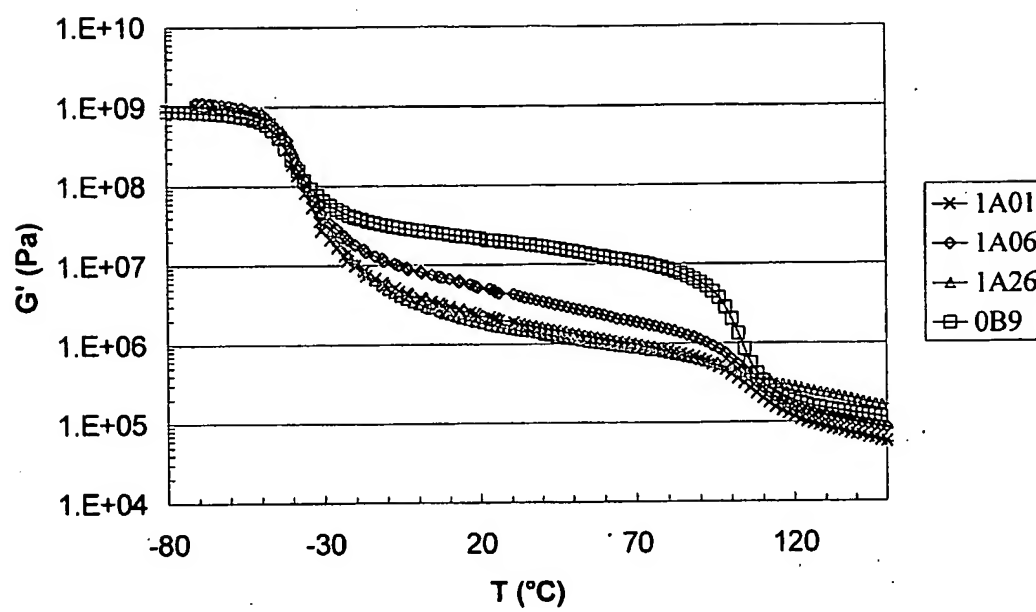

Figure 3

5

Graph 3: DMA of the copolymers of Example 1
